50.6 Institutional set-up for liquidity risk management

The Board of Directors (the board) of the Company has delegated the responsibility for ongoing balance sheet Liquidity Risk management to the Asset Liability Committee (ALCO).

In order to manage/mitigate liquidity risk, the Company has defined its liquidity risk management strategy and prudential internal limit for Liquidity Gap tolerance for its various time buckets in addition to regulatory limits on liquidity gaps, which is approved by the Board. Treasury is responsible for managing liquidity under the prescribed liquidity risk management framework and the same is monitored by ALCO / Board.

Liquidity risk management strategies and practices are reviewed to align with changes to the external environment, including regulatory changes, business conditions and market developments.

The Company has adopted liquidity risk management framework as required under RBI regulation.
